

TYPHOONS PREVENT TROOPS' DEPARTURE

Gen. Otis So Reports to War Department.

MADE LOADING OF TRANSPORTS IMPOSSIBLE AT NEGROS.

Reported That the Filipino Junta Will Be Moved From Hong Kong to the Island Labuna, British Colony, Near Borneo—Move Made Necessary Because American Officials Watched Movements Closely—Found It Impossible to Supply Insurgents With Arms.

Washington, July 15.—[Special]—Some uneasiness is felt because of the failure of Gen. Otis to report the departure of the transports Warren, Sherman and Grant, whose departure was deferred because of typhoons.

A message of inquiry was sent to Otis, who replied as follows: "Twenty inches of rain in July attended by typhoons, made the loading of the transports impossible at Negros. It is impossible to unload the Sixth infantry until at least a day or two. The Californians are now loading. The Colorado leave tomorrow on the Warren; Idaho, North Dakota and Wyoming will leave next week or as soon as the transport Grant can be loaded."

On the Way Home from Manila. Tokyo, July 15.—The United States transport Hancock, with 1,300 men, and the transport Senator, with 675 men, volunteers returning to the United States from Manila, arrived in the bay Friday, and the men, given shore leave, visited the capital. Two thousand American soldiers, overjoyed at the prospect of getting home after a hard campaign, made an impression when let loose in the streets of Tokyo, and their arrival caused much excitement, both among the native population and in the foreign communities.

The transports are expected to sail again almost immediately and to reach San Francisco about Aug. 10.

Declare War a Failure

New York, July 15.—[Special]—The World this morning prints a special from San Francisco, containing the result of a canvass made of the troops just returned, on the Philippine situation.

The consensus of opinion is that the war against Aguinaldo thus far is a failure, and that the operations are not conducted on a line consistent with good generalship.

Some men declare that Gen. Otis allowed the war to drag along in order to enable favored officers to win rapid promotion.

San Francisco, Cal., July 15.—The officers of the Second Oregon regiment, while very guarded in their statements, admit that the condition of the American troops at Manila at the outbreak of hostilities between the United States and the Filipinos was very critical.

The capture of a letter sent from inside our lines in Manila to an emissary of Aguinaldo is probably all that saved our army from a terrible disaster and possible annihilation.

The letter was taken to Gen. Otis, who found in it the plans of a plot to open the gates of Manila, sack the city, murder the guards and allow the insurgent army to pour into the American camps and surprise the men.

The United States troops were under arms all night to meet the expected attempt, but the enemy had learned of the capture of the letter and the only part of the plot that was carried out was the burning of a portion of the city of Manila.

RETURNING HEROES WELCOMED.

Oregon Volunteers Receive Splendid Ovation at San Francisco.

San Francisco, Cal., July 15.—The Oregon volunteers and the California signal corps landed here Friday and went into camp at the Presidio, preparatory to being mustered out of service. Not since the time of the departure of the troops for the Philippines has this city presented such a gala appearance. Stores and houses were decorated and steam whistles, cannon and bells added their voices to the general acclaim of welcome. The streets on the line of march were early thronged with sightseers, who cheered the returning heroes to the echo.

Cheers greeted the soldiers at every foot of the way, and when the procession turned into Van Ness avenue the enthusiasm became more intense. Here on a great stand Gen. Shafter reviewed the parade and the men then took up the march to the Presidio, where they will camp until mustered out. They had dress parade in the afternoon, dinner at Mechanics' pavilion and free entertainment at the theaters in the evening.

THINK REGULAR SOLDIERS NEEDED.

Opinion in Paris Regarding the Campaign in Luzon.

Paris, July 15.—It is believed here that the weak side of the Philippine problem is in the fact that the United States must delay operations, since the volunteers, wanting in discipline, excite the ill will of the inhabitants because of their tendency to be tyrannical and to pillage. It is declared that

WAUSAU MILL AND WAREHOUSE BURNS

LOSS SAID TO BE FIFTEEN THOUSAND.

H. C. Owen, Ex-Cashier of the Milwaukee Road Arrested in Appleton—Marquette Old Soldier Cyclist Forced to Walk From Appleton to Oshkosh—State News.

Wausau, Wis., July 15.—The mill and warehouse of the Chicago Excelsior company, near the town line road, in the southeastern part of this city, burned yesterday. The loss is \$15,000. The east side hose wagon got stuck in the mud so that it could not be turned either way. The horses had to be cut loose from their harness. Driver Krueger's face was badly burned. William H. Keogh is proprietor of the establishment and Ole Biller, manager.

Wisconsin Pensions Granted.

Washington, D. C., July 15.—Additional—Isaac Davis, Mineral Point, \$4 to \$8; Andrew McGinley, Irving, \$4 to \$8; James Nevil, National home, Milwaukee, \$4 to \$12; Edward Barrett, Wisconsin Veterans' home, Waupaca, \$6 to \$10. Renewal—James W. Davis, Reed Creek, \$6. Increase—James A. Woodward, White Creek, \$8 to \$10; William C. Gorham, Monroe, \$6 to \$10; Samuel E. Alexander, Whitehall, \$6 to \$8; Frank T. Morehouse, Oconomowoc, \$6 to \$8; Amos Spencer, Mountain, \$6 to \$8; Francis Miller, River Falls, \$6 to \$10; Charles E. Boskie, Montello, \$8 to \$10; Nicholas Trossen, Michigott, \$8 to \$10; Chester B. Chamberlain, Prescott, \$12 to \$14; James P. Riley, Hillsboro, \$12 to \$14; Wilhelm Bilke, Oshkosh, \$6 to \$8; John Powell, Argyle, \$12 to \$14.

H. C. Owen is Arrested.

Oshkosh, Wis., July 15.—Herbert C. Owen was arrested at Appleton by Sheriff White yesterday. He was arraigned in the municipal court and the case was adjourned to July 23. Bail was furnished by Dr. Dodge and John Schruels, of Menasha. Owen is charged with the embezzlement of a little over \$800 from the Chicago, Milwaukee & St. Paul Railway company while acting in the capacity of cashier at Menasha. The alleged offense was committed in January and the warrant for Owen was issued in the municipal court July 5. Since that time the sheriff has been after the accused and was unable to locate him until yesterday. He traveled a great deal and narrowly escaped arrest at several places.

J. A. Ruppe at Oshkosh.

Oshkosh, Wis., July 15.—James A. Ruppe, the Marinette octogenarian veteran who is riding a wheel to Philadelphia to attend the G. A. R. encampment passed through the city yesterday afternoon. He left Kaukauna yesterday morning, wheeled to Appleton, but on account of the bad condition of the roads shipped his wheel from Appleton and walked to this city. He continued on, expecting to reach Van Dyke, twelve miles south, last evening. He is feeling and looking vigorous and when asked how he felt, danced a jig.

Burglars to Plead Guilty.

Sheboygan, Wis., July 15.—Goetsch and Strysick, the burglars, were taken to Fond du Lac yesterday to plead guilty before Judge Kirwan, who is now holding court there. After being committed to jail to await trial for the Katonah burglary, they succeeded in making their escape and it was nearly a year before they were apprehended, being brought back from Aberdeen, South Dakota, a few days ago by Chief of Police Scheck.

Man Killed at Kenosha.

Kenosha, Wis., July 15.—An unknown man was killed last night by a freight train. From the stories told the coroner the man must have put himself purposely under the wheels of the engine. His head was almost severed from the body as if he had placed his neck on the track in the way of the engine.

Cars Derailed at Kenosha.

Kenosha, Wis., July 15.—The first accident in connection with the new library occurred this morning when an engine and two cars with material were derailed through the turning of a rail. The engine was replaced but the cars must be unloaded before they can be replaced.

A STATEMENT MADE BY PRESS AGENT

THE MANAGERIAL SIDE OF THE RACING TROUBLES.

The Advertising Representative of the Club Tells of the Visit to Carter H. Harrison and the Acceptance of the Invitation to Come to Janesville.

The criticism against the management of the recent bicycle meet which is so generally being made, is causing some comment among the business men of the city. Beneath all the unfortunate circumstances there are certainly the cold facts which will either condemn or uphold the actions of those instrumental in bringing about the meet. In reference to failure, the press representative of the meet, said:

"To begin with the bad weather was the prime cause of the disastrous results. Strictly speaking, from a cycling standpoint, the opening day of the meet was one which would be a credit to any race meet in the country. The fastest men in the world were here and the races pleased everyone. Now, as regards the other attractions. For instance, we are accused of never intending to have had Mayor Harrison here. About a month ago two members of the club and several citizens from Janesville called upon Mr. Harrison in his private office, the meeting having been previously arranged, and a formal invitation extended to him to attend the races. Among the party were Mr. Geo. Simpson and Mr. Fred Clemmons, who I think, will bear me out in the statement when I say that the mayor instructed his secretary to enter the date upon his books and make any further necessary arrangements. We also had an interview with Secretary Lahiff on the matter who also assured us of the mayor's coming. Since that time we have constantly been in touch with the mayor and his party, the latter having been arranged by the assistant secretary, both by professional visits and through the mail. Each time it was an assured fact as nearly as anything could be, that he was coming. It was in good faith that we made arrangements for him to come. We advertised it and did all we could to spread the news and give him a proper reception. At the last moment, however, we were disappointed, and on the morning of the meet we received a telegram from the secretary stating that the mayor had left the city and would be unable to attend. True, he had left the city several days before, but there was a possibility that he would return in time to arrive here Wednesday morning. As regards the clamor, all arrangements for that, too, were made. The claims and supplies were purchased and paid for. We decided it would be folly to carry out the elaborate arrangements we had made for it, realizing fully that only failure and expense would result. Incidentally we regret we are held responsible for the absence of the moonbeams and perhaps in some quarters of the city they do not 'peep' with beams of mellow light which always warm up the chilled heart and soften with the power of friendship.

"We have worked hard for the best interests of the meet and feel the result keenly. Under such unpleasant conditions commendation or appreciation of efforts conscientiously made is gratifying. The impression that some bills will remain unpaid is a gross error. Every cent of indebtedness will be paid at once. So far as the prize money is concerned there is simply this to be said: Our entry fees were plainly stated on the blanks which are virtually a contract and were all signed but when payment of same was exacted before the race the request was met with a flat refusal. It was claimed they were excessive, yet it was the price of the goods and they were forced on no one. Had the fees been paid the reduction in the prize money would not have been necessary."

EDITORS STAND BY M'KINLEY.

Indiana Republican Association Wires Its Sentiments to the President.

Winona Lake, Ind., July 15.—The Indiana Republican Association of Editors held the first session of its midsummer meeting here Friday. At the business meeting the following telegram was ordered sent to President McKinley:

"The Indiana Republican Editorial association, at its midsummer meeting at Winona Lake, extends to you its unqualified indorsement of your wise, patriotic, and thoroughly American administration and looks forward with pleasure and assurance to your re-nomination and its overwhelming ratification at the polls by the people in 1900. Your administration has been able, fearless and humane in its conduct of foreign and domestic war, and will extend the beneficent influence of republican government beyond the seas, shed new glory on our arms and institutions, while firmly fixing the place of the United States among the great world powers."

A set of resolutions was also passed fully indorsing the administration of President McKinley and the policy of the administration in dealing with the rebellion in the Philippines, charging the rebellion largely to the unwise and unpatriotic work of the democratic members of the senate, aided by a few republican senators who are unable to keep up with the march of the flag. They declared against trusts as un-American and a menace to the general welfare and good of all the people. They indorsed the action of the republican congress in passing the Dingley law and the efforts of the administration to carry out the financial policy of the St. Louis platform. They commended the state administration and Chairman Hernly of the state central committee.

CLOSE WEEK'S ENGAGEMENT

Last Appearance of Anderson Theatre Company Tonight.

A fair sized audience assembled at the Myers Grand last evening and all were well pleased with the presentation of "The Smugglers" by the Anderson Theatre company. The entertainment was replete with sensational situations, the parts were well taken and the scenery was great. Tonight these first-class entertainers will conclude their engagement here in a clever play entitled "Gates of Justice."

This afternoon the company gave a matinee, the bill being the "Stars and Stripes." There was a very good attendance and all were well pleased with the presentation.

At the moderate prices charged and considering the excellence of the performances thus far given, the house should and no doubt will be crowded tonight. Prices 10, 20 and 30 cents.

EPIDEMIC MAY FOLLOW FLOOD.

Almost Impossible to Live in the Blighted Districts of Texas.

Austin, Texas, July 15.—It is the opinion of reliable physicians and sanitary experts that an epidemic of sickness is certain to follow the recent disastrous flood. It is now almost impossible for a human being to live in the blighted districts, owing to the horrible stench that rises from decaying dead animals and vegetation. In many localities the carcasses of animals, which literally cover the ground, are being burned.

Pioneer physicians of the state cite the fact that the former great overflows of the Brazos were followed by cholera epidemics, and that another plague of this kind is imminent unless prompt steps are taken to place the whole region in the best possible sanitary condition. All of the railroads have resumed their through-train service. Several thousand men are employed in the repair work of the different lines. Now that the waters have receded it is apparent that the damage to railroad property was much greater than first estimated. Many miles of roadbed and track will have to be rebuilt. The aggregate loss to the railroads is not less than \$5,000,000, exclusive of loss of earnings during the inundated period.

FIGARO PROMISES NEW REVELATIONS

CONCERNING PATT DU CLAM AND ESTERHAZY.

Judge Beaurepaire, Who Recently Said He Could Adduce Positive Proof of Dreyfus' Guilt, Modifies Assertion to "Evidence That Will Materially Affect the Case."

Reims, July 15.—[Special]—It is stated that Judge Beaurepaire will arrive here today for a preliminary examination to see if he really has valuable testimony to offer at the Dreyfus court martial.

Beaurepaire said recently that he could adduce positive evidence of Dreyfus' guilt.

He has modified this assertion, however, to "evidence that will materially affect the case."

The Figaro, which laid bare the whole Dreyfus conspiracy, promises some new revelations concerning Paty Du Clam and Esterhazy.

### GOOD POSITION IN CHICAGO

James M. Alden Accepts Vice-Presidency of Printing Establishment.

James M. Alden, son of Levi K. Alden, of this city, a former well-known Janesville boy, who resided here until four years ago, when he went to Du-rand, Ill., is about to leave that place for Chicago, to accept the vice-presi-dency and general management of a large printing establishment located at 819 Grand avenue, but one and one-half blocks east of Western avenue, and which will be conducted under the name of the Alden Printing Company. For the past three years Mr. Alden has been the publisher of the Durand Clipper, a sheet that was a credit to Mr. Alden and the town in which it was published and has taken front ranks in country journalism.

Mr. Alden has disposed of a half interest in the Clipper to Robert M. Wilson, who has been employed by Mr.

### LOCAL GROCERS ARE PLANNING BIG TIME

#### SEVERAL HUNDRED WILL GO TO WHITEFISH BAY.

An Ideal Resort Located On the Shore of Lake Michigan, Within a Few Miles of Milwaukee—Round Trip Fare of \$1.25 Has Been Secured.

The grocers of Janesville are anticipating a big time at their picnic to be given at Whitefish Bay next Thursday and are giving out information concerning the great affair.

The local grocers could not have made a better selection than Whitefish Bay for their annual picnic. It is an ideal summer resort and the gathering place of the greater part of Milwaukee's popu-

to Milwaukee at stated intervals, afford-ing a very pleasant lake trip.

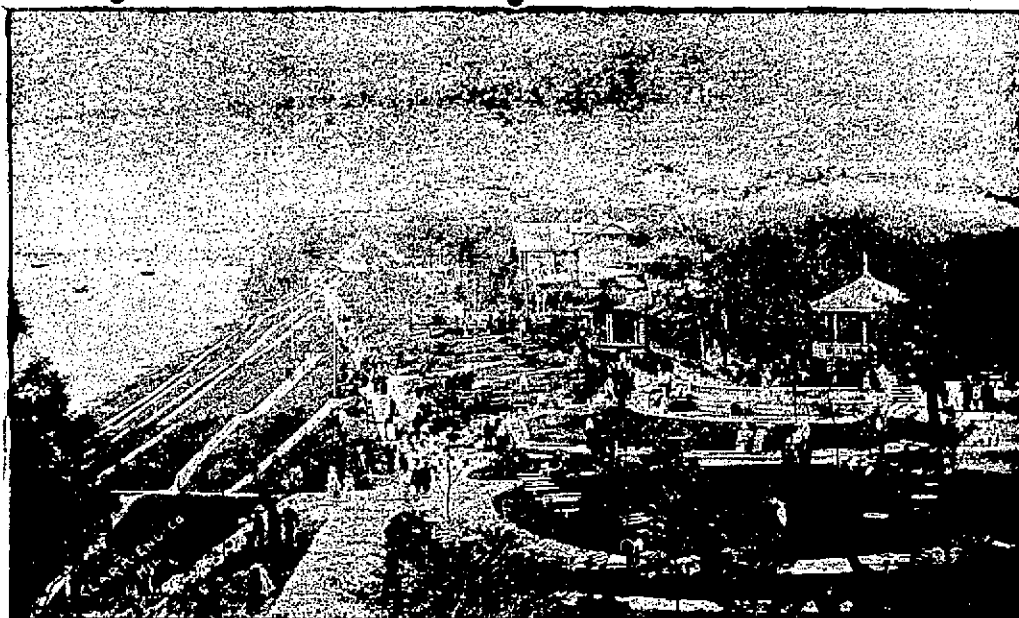

Joseph Claude's Milwaukee band of twenty-five pieces has been engaged for the occasion and will discourse sweet music during the entire day.

The extremely low rate of \$1.25 for the round trip has been secured over the Chicago & Northwestern railway, being less than one cent a mile.

Ample railroad accommodations will be provided and the cars will not be crowded. If necessary, three trains will be run to carry the excursionists.

The butchers of Janesville will close their places of business on the day of the picnic and the grocers extend a cordial invitation to all merchants to join with them in this outing.

It is requested that those intending to attend the picnic purchase their tickets before Thursday at any of the grocery stores in order that plenty of cars may be provided. Make plans to go and take the family with you and enjoy the day's outing.

SUMMER RESORT AT WHITE FISH BAY, MILWAUKEE.

Alden for the past year or more and hereafter the paper will be published under the firm name Alden & Wilson, but will be under the management of the latter gentleman.

The Chicago concern with which Mr. Alden will be identified is an exclusive job plant, with the exception of publishing the Puritan, the official publication of the Puritan Congregational church, of Chicago.

lation during the heated season of the year. Located, as it is, on the beautiful shores of Lake Michigan there are opportunities for boating and bathing and the advantages of the prettily terraced park for those who desire to pass their time on land.

The grounds are supplied with tables and other necessary accommodations for those who desire to eat their lunch out of doors, and well conducted restaurants will serve regular meals.

Pastimes of every conceivable nature, including the Ferris wheel (300 feet above the surface of the lake) for the benefit of the visitors are supplied and a pleasure steamer runs from the grounds

### BICYCLE RIDER GOES INSANE

Monroe Young Man Is Mentally Off Caused By Being Overheated

Sheriff J. W. Gardner, of Green county, and Marshal W. V. Blunt, of Monroe, passed through this city yesterday afternoon having Ray Booth, of Monroe, a well known bicycle rider who had gone insane and had been committed to the asylum at Mendota for treatment. The unfortunate young man is a son of Charles A. Booth, editor of the Monroe Sentinel.

His insanity, it is said, is due to becoming over heated while participating in a race.

Mr. Booth has many friends in the Bower City, who trust that he may soon be restored to perfect health and reason.

## A UNION TEMPERANCE RALLY

At the Congregational Church Tomorrow Evening.

A rousing union temperance rally will be held at the Congregational church tomorrow evening. The topic will be divided into sub-divisions as follows: Rev. R. C. Denison, of the Congregational church, will talk on "The Present Aspects of the Temperance Cause;" Rev. Walter A. Hall, of Court Street Church, on "Temperance From a Physiological Standpoint;" Rev. Arthur C. Kempton, of the Baptist church, on "Temperance From a Moral Phase;" Rev. E. H. Pence, of the Presbyterian church, on "Temperance From a Financial Standpoint;" and W. W. Woodside, of the First M. E. church, on "Temperance From a Political Standpoint."

Thematics will be a feature of the evening and the church should be crowded.

## Dixon Beats Santry.

Chicago, July 15.—George Dixon, the truly wonderfully little colored featherweight champion, obtained a decision in six rounds over Eddie Santry. Dixon fought in his old-time aggressive fashion, swinging vicious rights and lefts, any one of which would probably have ended the fight had it landed cleanly.

## Sixty Miners Are Entombed.

Berlin, July 15.—A slight earthquake Friday caused the collapse of a gallery in the Recklinghausen mine, near Herne, Westphalia, entombing sixty miners. Several have been rescued badly injured. The fate of the others is not yet known.

## Life is but a see-saw.

And they win, in the end,  
Who manage to drop easy.  
When it's their turn to descend.  
Triumph for Michigan Village.

New York, July 15.—The village of Three Oaks, Mich., has won the cannon which Admiral Dewey sent from Manila for the Maine monument fund. The cannon was to be given to the city or village making the largest contribution in proportion to its population. Three Oaks, with a population of from \$300 to 1,000, raised \$1,132, representing more than \$1 per capita.

## PEOPLE WE KNOW.

They Are Janesville People and What They Say Is Of Local Interest.

When an incident like the following occurs right here at home it is bound to carry weight with our readers. So many strange occurrences go the rounds of the press, are published as facts, when the intelligent reader knows they cannot be true, there is no wonder that people become skeptical. On one subject skepticism is rapidly disappearing. This is due to the actual personal experience of our citizens and their public utterances regarding them. The doubt must doubt no more in the face of such evidence as this. The public statement of a reputable citizen living right here at home, one whom you can see any day, leaves no ground for the skeptic to stand on.

Mrs. S. L. Boden, of 64 S. River St., says: "During the last two or three years I suffered most of the time with a terrible dragging down pain in my back just over the kidneys. It was very trying when I was at work, and if I did any lifting my bladder became affected, causing me considerable annoyance. I also had attacks of headaches, which seemed like congestion in the top and back of my head. When I read about Doan's Kidney Pills I did not have any too much confidence in them, but my daughter got a box at the Janesville Co's. drug store and persuaded me to use them. I am very glad I did so for they took right hold and in a wonderful change in my condition. I hardly realized how bad I was until Doan's Kidney Pills brought me relief from the afflictions. I have recommended this remedy on several occasions, and will do all that I can to let others know of its merits."

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

The housewife keeps, with greatest care,  
Her dainty glass and linen fair,  
Her china and her tableware,  
As sweet as she is able;  
And Ivory Soap's her greatest aid,  
Because 'tis pure and cleanly made  
Of things which none need be afraid  
To have upon the table.

IVORY SOAP IS MADE OF SWEET CLEAN MATERIALS.

Probably the richest person in Cuba is a woman, Senora Rose Abien. She owns millions and vast estates, but is democratic in taste, and favors the United States.

General Phil Sheridan's widow still lives in the house in Washington which was presented to the general by his friends when he took command of the army. It cost \$45,000, and has trebled in value.

When a maid of honor to Queen Victoria has survived her youthful charms and at middle age is still unmarried, she is relieved of duty and has her salary increased from \$2,000 a year to \$3,000.

The manufacture and sale of dolls in Europe exceeds, at a low estimate, 25,000,000 per annum. One firm in Paris alone turns out 2,000 dolls a day, and many other houses make even larger numbers.

General Miles is fond of the theater, but will never attend a military play. "The last drama that had soldiers in it that I saw," he says, "got everything so twisted and wrong about them as to completely break the illusion and spoil the whole thing for me."

The London Mail tells of an English doctor who refused to attend a man dying of hemorrhage, because his fee was two shillings and sixpence and the man's wife had only two shillings to offer him. When the woman returned to her husband's side he was dead.

The Joke Was on Him.

One of the guests of a Pittsburg hotel, who represents a large concern near Pittsburg, upset the entire hotel staff. He appeared at the office and notified the head clerk that he had been robbed of his \$250 diamond stud, which had been taken from his shirt front. The night clerk was questioned, but no one had any knowledge of the robbery. The proprietor was appealed to, and he said he never suspected any one connected with the house. The guest went out about his business. He worried all day about his loss, and reluctantly retired to his room at night, sorry that he had not told the police. Pulling off his shirt, he discovered that he had put it on back to the front. There was his stud in its proper place. He had carried it all day on his back.

GIVE THE CHILDREN A DRINK called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children as well as adults, can drink it with great benefit. Costs about 1/4 as much as coffee. 15c and 25c.

## A Point Worth Remembering

In connection with comfortable, stylish foot covering is the price. This is the season when you hear more of aching and tired feet, and you wonder at the cause. It is manifold—but nearly always lies in the fact that your foot is made to conform to a last that is not properly outlined to its peculiar want. Every foot has its own distinctive requirements, and are as varied as the faces you meet every day on the street. To suit these we have the experience in Shoe-Buying and Foot-Fitting that enables us at all times to satisfy the taste and want of every trader at our store. We can show you the best values in a Man's or Ladies' Summer Shoe on any of our latest lasts, at prices you can't duplicate anywhere. We now have a lot of broken lines that it would mean money saved to you by looking at them. NOT AN OLD STYLE. Just simply to get rid of them and save you dollars. You will find the best Boys' Shoes at our store. We always keep a big variety. Watch for our broken sizes—\$4.00 and \$3.50 worth—all at the common figure, \$2.75.

## THIS DAY IN HISTORY.

1808—Henry Edward Manning, cardinal, famous convert to Roman Catholicism, born in Hertfordshire, died 1892.  
1815—Napoleon Bonaparte surrendered himself to Captain Blatland of the Belleophon.  
1817—The Baroness de Stael, French woman of letters, died.  
1871—Thomas Lincoln (Tad), son of Abraham Lincoln, died at Chicago; born 1852.  
1883—Charles Haywood Stratton (Tom Thumb) died at Middleboro, Mass., aged 45. "General" Tom Thumb, as he was called by his exhibitor, first appeared at Barnum's in 1842. He was then 4 years old, about 2 feet in height and weighed 16 pounds.  
1894—General J. C. Kelton, U. S. A., retired, died in Washington; born 1812.  
1897—General Philip H. Sheridan, a veteran of the Federal army, died at Bayport, N. Y.

## FAILURE OF THE RACES.

Now that the bicycle races are a thing of the past, it is but justice to a number of business men whose names appeared on the lists of committees, to say that none of them, so far as we know, were asked to do any work whatever, while in many cases their names were used without their knowledge or consent.

The enterprise was gotten up and managed by individuals, and was in no sense a public affair, endorsed and aided by the business men as is the midwinter fair, or a Fourth of July celebration. Hence the business men of Janesville are in no way responsible for the fact that the meeting was so extensively advertised, only to end in failure.

Private persons have the right to run their own business in any way that they see fit. Whether or not the cycle meeting was well conducted, therefore, may not be the business of anyone but its managers. But the business men whose names were placed upon the list of advertised committees, either without authority or without any invitation to participate in the management, are naturally somewhat nettled that they should be held in any degree responsible for what has happened.

It is exceedingly unfortunate that the race meeting proved a failure. "Janesville's public spirited and enterprising citizens have won a reputation for the city in the conducting of the midwinter fair, and bettered this standing among our neighbors by carrying out all promises on the Fourth in spite of the weather. Janesville has been known as a royal entertainer, and this reputation was as hard to win as it is easy to lose. Therefore, justice to all concerned demands that the truth be told in order that the city, and the public spirited citizens who have been tireless in their efforts to advance her interests, be not made to suffer for the failure of a private enterprise.

Rock county should do her share in contributing to the relief of the New Richmond sufferers. About \$800,000 has been raised, so far, but that is only one half of the sum needed to carry out the work of the relief commission. The cities have responded liberally, but many country districts have not been heard from. Consequently Gov. Scofield has issued a letter to the chairmen of the county boards urging them to take the matter in hand, and see that the people who have no been reached by previous appeals are given a chance to contribute.

Sam B. Cook, general manager of the democratic ways and means committee declares that the silver men must be more careful in reading lukewarm free coinage men out of the party, saying, in effect, that if they are all forced out there will not be much of a party left. Cook is an ardent 16 to 1 man himself, but he sees the handwriting on the wall.

The fact that the Germans of Canton, O., have signed a protest against the continuance of the war in the Philippines, does not appear to have the effect of preventing the German Americans from enlisting in Uncle Sam's army for service under General Otis. A goodly portion of the men enlisted under the last call have had German names.

Oshkosh Northwestern: The McKinley administration carried through a foreign war with a bond issue of \$200,000,000. The Cleveland administration carried through a domestic peace with a bond issue of \$263,000,000.

The platform of the Kentucky republicans declares against trusts, endorses the national administration, and stands for sound money. These principles should merit the approbation of all good citizens regardless of politics.

The gentleman who attained some notoriety because of the larceny of a red hot stove is now "a common has-been". A man in Philadelphia has been arrested for stealing a vitrified brick pavement.

Secretary Alger will remain in the cabinet. He has not, but is resigned.

## JANESVILLE FIZZLE HAS HURT SPORT

### MILWAUKEE PAPERS TALK OF THE BICYCLE MEET.

Sentinel, Wisconsin News and Journal  
All Speak Plainly and Speculate On  
the Results of the Failure.—Promot-  
ers Are Held Responsible.—Com-  
ments of the Press.

The Milwaukee papers all discuss the failure of the Janesville cycle races in lengthy articles. The "Janesville Cycling Club" is not spared, and some plain English is used by The Sentinel, The Wisconsin News, and The Journal. All these papers sent staff correspondents here. The articles are as follows:

The Milwaukee Sentinel, July 15.—The fourteenth annual state L. A. W. meet at Janesville which came to a close yesterday proved a great disappointment to the cycling fraternity of Wisconsin. Not only are the riders dissatisfied, but also the residents of Janesville and the officials of the Wisconsin division, L. A. W., and in the future, the latter will be careful that no meets are sanctioned until it is positively known that the promoters can pay the prizes they offer and carry out the program as advertised. In the long existence of the division there never was such a fizzle as that of the Janesville state meet. It will be an injury to the sport in Wisconsin and perhaps unfavorably affect meets to be held in the future.

The result plainly shows that the L. A. W. is better off without the control of racing, and the sooner it drops it the better it will be for all. Should another state meet ever be held in Wisconsin, the promoters will be obliged to have a guarantee fund and deposit it in some bank to insure that all debts as well as the riders, will be paid.

#### Riders Were Not Paid

That the failure of the meet will have serious effect upon the racing in Wisconsin there is little doubt. The riders on the National circuit who travel under heavy expenses are likely to fight shy of Wisconsin in the future. They will be tempted to do so on account of the treatment they received at Janesville, and unless they can be convinced that the same trick will not be played upon them in other Wisconsin cities they will remain away. It cost Nat and Tom Butler several hundred dollars to go to Janesville and ride in the professional events. For this the latter got only \$60 whereas he ought to have received \$170, the total amount of his winnings. Nat Butler, who took third prize in the one-mile national championship event and whose entry fees alone amounted to \$26.50, left the city without even the return of the fees which he paid. "Major" Taylor, the fastest rider in competition in the world, received only \$40 for winning the one-mile open and the five-mile handicap, professional.

#### Affects Milwaukee's Chances

The failure of the meet may also have some effect on the plans of the Milwaukeean who have decided to try and get the 1900 National meet for this city. Chief Consul Van Valkenburgh has already made preliminary arrangements in that direction, but whether or not he will carry out the project remains to be seen. He had secured the names of about twelve Milwaukeeans who were willing to go to the National meet at Boston next month to assist him and he expected that at least fifty more would be willing to go on the same mission. His plans, however, will have to be altered and at the present time Mr. Van Valkenburgh is not in a position to say whether or not he will try to secure the meet. "The Janesville affair," he said, makes things look different. It will be rather hard to convince the racing men that any city in Wisconsin can support a national meet. Of course, the Citizens' Business League has promised to aid us if we decide to want the meet. When asked for a definite answer as to whether he would try to get the meet for Milwaukee, Mr. Van Valkenburgh said: "I am not in a position to answer that now. I will have to consult the other officers of the Wisconsin division."

#### Were Out For Money

The L. A. W. officials here criticize the management of the Janesville meet. They say that the promoters expected to make considerable money without giving the public anything in return. Very little of the advertised program was carried out. To begin with, the promoters advertised that Mayor Harrison, of Chicago, would open the meet with an address and many people residing near Janesville attended the races for the purpose of hearing Harrison. In this they were misled, as he was not in attendance. It was also advertised that a moonlight excursion on the Rock river was to be held Wednesday evening. The excursion did not materialize because visitors refused to pay fifty cents for a steamboat ride which they expected and ought to have had for nothing. Then again, the reception to Harrison at the armory hall also did not come off. In the first place Harrison was not at Janesville, neither were arrangements for a reception made. A visit to that hall at 10 o'clock Wednesday evening proved that the admission was fifty cents and not more than a dozen people were in the hall at that time. The combined band concert at court house park was another unkept promise. Six bands were advertised to play at the same time and in fact only one band, that from Beloit, was present. They gave only a few numbers and then left.

#### Exorbitant Entry Charges

The only part of the program on the first day that was carried out was the races. They were good, but were not started until after considerable trouble with the promoters of the meet. The promoters attempted to charge the professional riders \$2 to enter a race and

\$3 to start in each national championship event. In other events the promoters wanted \$1 for entrance fee and \$2 to start; twenty riders to enter and be ready to start or events would be declared off. Fred Garlach, chairman of the National Racing board, was present. He told the promoters that they could not charge the riders such amounts. This was a surprise to them, and for a time it seemed as if the whole meet would be abandoned. Conferences were held, and it was decided that the professional riders pay \$1.50 to start, which they agreed to do.

#### And Then It Rained.

On Thursday it rained, and on this account the promoters claimed they wanted the balance of the meet declared off. Such was the excuse they offered, but it took only a short time to find the exact reason why they did not want to postpone the races a day. It was because the professional riders refused to ride until they received the winnings of Wednesday, and not until the purses for the next races were placed in the hands of the referee. The promoters then pretended to get enough money for that purpose, but they were unsuccessful. Only \$100 was secured, and of this Major Taylor received \$40 and Tom Butler \$60.

#### THE DAILY NEWS IS CAUSTIC.

Says the Racing Meet Was "Most Miserably Conducted."

Milwaukee Daily News, July 14.—The annual state bicycle meet of the Wisconsin division of the L. A. W. proved to be a great fizzle, and the rain yesterday gave the finishing touch to what has been the most miserably conducted bicycle meet ever pulled off in this section of the country.

The races on the first day of the meet were fairly good contests, as all the riders entered were competitors. Yesterday afternoon the second portion of the races was supposed to take place, but when the rain started in shortly after dinner, the promoters decided that to avoid losing money they would call the meet off. On Wednesday the attendance at the races was quite large, and the promoters easily covered expenses for the day's meet. This was denied, however, and when the professional riders asked for the money due them, they were turned down, the promoters claiming that there was no money in the treasury. Finally it was decided that 40 per cent of the prize money be paid to the riders, and Major Taylor, who had \$120 coming, was told that his share would be \$40, while Tom Butler, who had won \$170 was given \$60. None of the other professional riders were paid, the promoters refusing to pay out any more money. The riders who suffered were: Nat Butler, \$15; Charles Lavin, \$80; McLeod, \$25; Oldfield, \$10; Porter, \$20. The amateur riders were given all that was due them, but the prizes had been valued at about three times their actual value. Orlando Weber of this city, was supposed to receive prizes valued at \$25, but he was given an umbrella and a cane, valued at the very most at \$8. The other amateurs suffered likewise.

The meet throughout was conducted for money making purposes only. The first trouble occurred on Wednesday afternoon, when the professional riders went on a strike, owing to the outrageous entry fee which had been placed on each event. The riders were asked to pay \$2 to enter and an additional \$3 to start. This the professionals refused to do, and the promoters were obliged to cut down the fee to the original \$2, or there would have been no professional races. Tom Eck, the veteran trainer, who has charge of the Canadian team, said he heard on Wednesday that the promoters would not pay prizes unless the receipts were large, and he was accordingly on his guard. He refused to pay the entry fees for his riders, and as a result he is not out very much. Last evening Eck stated that he would conduct the remaining races himself this afternoon if the weather is favorable. All the riders remained at Janesville, and they will ride if the races are run off. Secretary Tallman, who had charge of the meet, was reported as being ill, yesterday afternoon, and he refused to be seen. L. A. Davidson and Davis took charge of the affairs and gave the prizes to the amateurs, but told the professionals to wait patiently until they were paid.

As soon as Chief Consul Frank P. Van Valkenburgh heard of the state of affairs he sent a telegram to Chairman Garlach, informing him of the circumstances, and something will be done in the matter. The L. A. W. can hardly afford to trifle with the few racing men left in its fold.

Never before in the history of cycle meets has the outcome been as unsatisfactory as at Janesville, as only one state championship was decided, that being the quarter-mile event, which was captured by H. L. Kruse, whose home is in Illinois, and who is therefore ineligible to compete in Wisconsin championships.

#### THE EVENING WISCONSIN IDEAS

L. A. W. Officials Say They Were Told That the Meet Was Well Backed

Milwaukee Evening Wisconsin, July 14.—The L. A. W. officials take the stand that in place of reflection upon the division and the L. A. W., the failure of the meet is wholly and solely a reflection upon Janesville. The promoters in charge of the meet and purporting to be the Janesville Cycling club, made representations to the L. A. W. officials that the merchants had provided a liberal guarantee fund to take care of all expenses. When the application of Janesville was considered Mr. Jeffris and Mr. Tallman appeared and spoke in glowing terms of the reception Janesville would give the wheelmen, and the impression was spread that Janesville wanted the meet no matter what the cost might be. This illusion was speedily dispelled the first day of

## MISS GODDEN HAS A NARROW ESCAPE

### EXPERIENCED THE UNPLEAS- ANTNESS OF A WRECK.

Accident Occurs On the Southern Pacific Railway at Port Costa, Seventy-Five Miles From San Francisco—Thrown Violently to the Car Floor—A Second Mishap At Elko.

Miss Lillie M. Godden, of 107 Terrace street, has returned home from a trip to California, and that she is alive after the experiences she passed through, is to be marveled at. Miss Godden is employed by D. C. Heath & Co., eastern publishers of text books, as traveling representative and teacher of free hand drawing in the public schools. She had already made three trips to the Pacific coast this year without mishap, but the last trip was destined to furnish enough excitement and experience for a dozen of them. She left San Francisco on the 3rd inst. and had reached Port Costa, seventy-five miles out on the Pacific road, when the first section of the train on which she was riding, was run 'n'o by the second division. The engine plowed into the coach in which she was riding and completely demolished it. The seat she was occupying was crushed into a tangled mass of iron, wood and cushions. Fortunately she turned her head before the crash and seeing the approaching headlight of the engine, jumped into the aisle, and had reached the center of the car when the shock came, which threw her violently to the floor. Fortunately no bones were broken, though she received several severe bruises which will be painful for some time.

After the wrecked cars were cut out, the train proceeded and had reached Elko, Neb., when another accident occurred, and seven cars were piled in the ditch and nineteen people were badly injured, some of them fatally.

The passengers were transferred to other coaches and started on their way once more, and but a few hours had elapsed when they were again delayed by a broken wheel. By this time Miss Godden had resigned herself to her fate, and about given up hopes of reaching her destination, but repairs were made, and she continued on to the end of her trip, congratulating herself on her narrow escapes.

## Do Not Think You Can Overcome Eye Trouble

Without glasses. You may sometimes overcome, or, in the parlance of optics, "accommodate" a defect by persistently taxing the muscles of the eyes, but you cannot cure it by that method of treatment. The only way is to supply the deficiency in the lens of the eye with the lens of the spectacle, thereby making the vision again normal.

If your eyes bother you, think it over; then come and see me.

## HOMEMADE ICE BOX.

SIMPLE MAKESHIFTS FOR COMFORT IN THE HEATED TERM.

Two Easily Acquired Food Coolers Which Do Very Good Work—One Is Evolved From a Dry Goods Box, the Other From an Old Bureau.

Many families in the country have a supply of ice for dairy or other purposes, and would be glad to make use of this ice in keeping the food cool and fresh were it not for the expense of

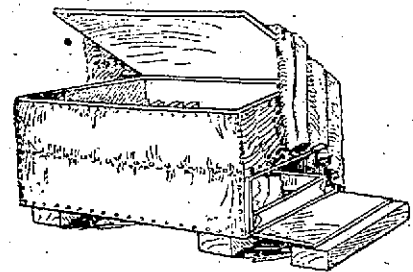

FIG. 1—HOMEMADE REFRIGERATOR.

preparing a refrigerator, while many city and village residents would be glad to take ice from the ice men during the hot weather were it not for this same expense. In view of these facts the Ladies' World makes a timely suggestion of two simple makeshifts that are easy of acquisition, and that, while not "keeping" the ice as well as the regular refrigerators, will still do very good work.

The ordinary homemade refrigerator or ice chest is depicted usually as made of two cases, one within the other, with a packing of sawdust between. It is a tedious job to fit up a "cooler" in this way, while nearly as good results can be secured much more easily. The ordinary ice chest is inconvenient, since all the food and the racks or shelves must be removed every time ice is put in or a lump of ice sought for the water pitcher.

For the refrigerator illustrated by Fig. 1 select a dry goods box of the size desired and remove the lower part of one end, hinging the board or boards thus removed. A galvanized iron or zinc pan, in which the cake of ice is placed, is set in on the bottom through this door, the food racks being undisturbed. Put "lister" about the edges of the hinged door and hinge the cover of the box to the top. Instead of having two boxes with packing between, the heat is kept out of the interior by covering the whole box with a thick woolen blanket, this being easily rolled back when the cover is to be raised. The interior racks for food can be arranged to suit one's needs.

About many a home is an old, unused bureau. This will make a very convenient makeshift refrigerator. Cut openings in the bottoms of the drawers, as shown in the diagrams, Fig. 2, and set in the pan of ice in the upper drawer. The food is placed in the other drawers below. A thick woolen blanket does duty here also in keeping out the heat. The pan in both these devices has an outlet tube in the rear, for which holes must be bored in the back of the box and the bureau, so that when in place the outer ends of the tubes will be

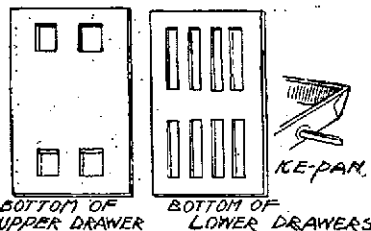

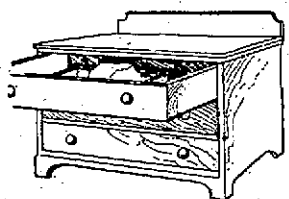

FIG. 2—HOMEMADE REFRIGERATOR. Without the box and bureau. In the case of the latter a hole will have to be bored in the back of the upper drawer and in the back of the bureau also.

## Oil Stains.

Women who travel much not infrequently find their skirts spotted with train oil, and bicyclists suffer similarly from a too generous lubricating of their wheels. Cold water and soap is said to be much more effectual in removing traces of this sort of accident than the more usual application of hot water, as that is quite likely to "set" the grease.

## Cucumbers a la Parisienne.

Pare the cucumbers rather thick and let them lie in ice water. Shortly before serving cut lengthwise into four or six portions, according to the size of the cucumber. Arrange upon an oblong dish and cover with French dressing. Pass with the fish course, says Good Housekeeping.

## Notes From The Jewellers' Circular.

A fad from Paris has appeared among the jewellers. It is the tie chain to which hearts, balls and various other devices are suspended. This new article in jewelry is known as "La Valliere" and will prove a great summer novelty.

Many novelties are presented in shirt waist sets, consisting of sleeve links, three studs and a collar button. Quite unique is the representation of an ordinary flat button with four holes, each hole, however, being set with a brilliant.

Some women are fastening their silk shirt waists with small stickpins of different precious or semiprecious stones. Three or four of these make a very pretty color effect on a white waist.

Exceedingly attractive among placquet pins are those of gold wire supporting a single rosebud carved from exquisite pink coral.

## DEWEY HELD BY QUARANTINE.

Admiral and the Olympia Temporarily Delayed at Port Said.

Washington, July 15.—Secretary Long has received the following cable message from Admiral Dewey: "Port Said, July 14. Secretary of the Navy, Washington:—Olympia in voluntary quarantine. As soon as coaled proceed Trieste for Pratique and recuperation, officers and men."

"DEWEY." Inasmuch as he is silent on the subject, it is assumed that no change has occurred in the health of Admiral Dewey and his men since their departure from Hongkong, when all were reported well. It is said at the navy department that the admiral's reference to "Pratique" means simply that he is going to Trieste to get a clean bill of health that will enable him to continue his voyage through the Mediterranean without delays from the health authorities at the various ports.

## Y. P. B. U. Elects Officers.

Richmond, Va., July 14.—The delegates to the Young People's Baptist Union of America this morning held state rallies at the various churches in the city. The topic address at the morning session of the convention was by Dr. P. B. Henson of Chicago, and was on "Disciples Indeed." The crowd was the largest yet in attendance. Dr. Henry of New York spoke on the "Disciples and the new gospel of temperance." The following officers were elected for the ensuing year: President, John H. Chapman, Chicago; vice-presidents, L. J. P. Bishop, New York; W. W. Garner, Atlanta, Ga.; L. McNeill, Pasley, Ont.; recording secretary, Rev. W. Reed, Wisconsin; treasurer, Frank Moody.

## Pleads with Jamaica Treaty.

Kingston, Jamaica, July 15.—While the returned Jamaican delegates to Washington maintain reserve regarding the terms of the reciprocity treaty, during an interview one of them inadvertently intimated coffee would experience a material reduction, if not obtain a preferential duty over Brazilian coffee. They all agree that the treaty will be highly satisfactory, and the pro-American public sentiment is consequently intensifying.

## Volunteer Workers Arrive.

Williams Bay, Wis., July 15.—A large number of delegates have arrived to attend the annual convention of Volunteer Workers of the Y. M. C. A., which is held during the next ten days at the camping grounds of the Secretarial Institute and Training school. Delegations have reported from the associations at Chicago, Buffalo, St. Louis, Milwaukee, Racine, Clinton, Cedar Falls and Sioux City, Iowa.

## Will Appeal to the British.

St. Johns, N. F., July 15.—The French warships continue to persecute the settlers along the treaty coast. Two colonial vessels have been driven out of Port au Port harbor by them this week. The colonial government will urge Rear-Admiral Bedford, on his arrival here on Sunday with the British fleet, to take steps to prevent the repetition of these outrages.

## Nebraska Troops on the Way.

Lincoln, Neb., July 15.—Gov. Poynter has received a cablegram from Yokohama, Japan, announcing the departure from there of the Transport Hancock with the returning First Nebraska and Utah battery on board. It said the health of the troops was excellent, and that the Hancock would reach San Francisco on the 28th inst.

## Two Killed by Lightning.

Urbana, Ill., July 15.—David Weinger and Otto Fisher, employed as laborers on the farm of E. B. Franken, one mile north of St. Joseph, were struck by lightning at 3 o'clock Friday afternoon and both were instantly killed.

## All Tranquil in Guatemala.

Washington, July 15.—Joquin Yela, Jr., charge d'affaires ad interim at Guatemala, to-day received the following official cablegram, dated July 13, from his home government: "Peace and perfect tranquillity prevail all over the country."

## Rain in Central Indiana.

Indianapolis, Ind., July 15.—The drought in central Indiana has been broken by a rain which continued intermittently Friday. More than an inch fell and grain dealers say it added \$10,000,000 to the Indiana corn crop.

## James L. Johnson President.

Buffalo, N. Y., July 15.—The National Association of Life Underwriters elected James L. Johnson, Springfield, Mass., president.

## Decide to Fight Drainage Canal.

St. Louis, Mo., July 15.—The city of St. Louis has officially declared war on the Chicago drainage canal. Without debate of consequence, the municipal assembly instructed City Counselor Schnurmacher to institute injunction proceedings in the Federal court in Illinois, in the name of the city of St. Louis, to prevent Chicago from operating its big drainage ditch, on the ground that its operation will pollute the water supply of St. Louis. The house and council adopted this resolution upon the opinion of the city counselor that St. Louis has adequate remedy at law.

## Cubans Become Dissatisfied.

Havana, July 15.—There is a considerable element here endeavoring to sow dissensions among the Cubans and to array them against the Americans. Recently 2,000 leaflets were issued in the city of Matanzas in the form of an address to the people, signed by "Batancourt." It charges the Americans with deception and calls on the Cubans to devastate the island until their flag is recognized.

## To Hold Big Silver Meeting.

New York, July 15.—The state committee of the Chicago platform democrats voted to hold a great silver mass meeting here on Labor day. Ex-Gov. Atgild of Illinois, George Fred Williams of Massachusetts, Judge Tarvin of Kentucky and probably Bryan himself will be on hand to speak. The meeting will be held in Madison Square garden or the Grand Central palace, or else in the open.

## Banks Cannot Affix Stamps.

Washington, July 15.—Commissioner Wilson of the internal revenue has issued a circular absolutely prohibiting banks from affixing stamps to checks unstamped when presented and requiring them to return same to the drawers.

## Doctors Can't Cure It!

Contagious blood poison is absolutely beyond the skill of the doctors. They may dose a patient for years on their mercurial and potash remedies, but he will never be rid of the disease; on the other hand, his condition will grow steadily worse. S. S. S. is the only cure for this terrible affliction, because it is the only remedy which goes direct to the cause of the disease and forces it from the system.

I was afflicted with Blood Poison, and the best doctors did me no good, though I took their treatment faithfully. In fact, I seemed to get worse all the while. I took almost every so-called blood remedy, but they did not seem to reach the disease, and had no effect whatever. I was disheartened, for it seemed that I would never be cured. As the advice of a friend I then took S. S. S., and began to improve. I continued to take it until I was completely cured. Although this was ten years ago, I have never yet had a sign of the disease to return.

It is like self-destruction to continue to take potash and mercury; besides totally destroying the digestion, they dry up the marrow in the bones, producing a stiffness and swelling of the joints, causing the hair to fall out, and completely wrecking the system.

## The Man Who Lost Hope

Mr. H. N. Warner, of Minden, Neb., said:

"In 1894 I was attacked with paralysis in my left side. You might stick a pin to the head into my left hip and I would not feel it. I was unable to do any kind of work and had to be turned in bed. I made up my mind that I could not be cured as I had used all kinds of medicine and had tried many doctors. I was advised to try Dr. Williams' Pink Pills for Pale People, and commenced their use last September. Before I had finished my first box I felt better, and by the time I had used six boxes the disease had entirely disappeared, and I have not been so free from pain since I was a boy. The paralysis also disappeared, and although two months have passed since I finished my last box, there has been no recurrence of the disease."—From the Gazette, Minden, Neb.

Dr. Williams' Pink Pills for Pale People contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexion, and all forms of weakness either in male or female.

Dr. Williams' Pink Pills for Pale People are never sold by the dozen or hundred, but always in packages. At all druggists, or direct from the Dr. Williams Medicine Company, Schenectady, N. Y., 60 cents per box, 6 boxes \$2.50.

## "Robert Burns" Cigar

HIGHEST IN QUALITY.

The "ROBERT BURNS" is the best that can be bought for ten cents in America today. It has won its great reputation and prestige solely on its merit. It has gained and held the approval and continuous patronage of the most critical smokers in the country by its superior quality and invariable reliability. The discriminating and fastidious smoker insists upon having a cigar that can be depended upon, a cigar whose quality is a certainty—a cigar that never fails him. Such a cigar is the ROBERT BURNS.

## JANESVILLE FIZZLE HAS HURT SPORT

Continued From Page 5.

the meet, when it was learned that the promoters proposed to oblige the racing men to ride for their own money by making the entry fees amount to sufficient to pay the prize money.

At the conference between the officials and Mr. Jeffris and Mr. Tallman it was stated that the only desire was to avoid being compelled to go into their own pockets to make good a shortage and the proposition was advanced that the officials wait until the races were called, in order that the gate receipts might determine whether the promoters would come out ahead or not, before a decision was reached as to what entry fee the riders should pay. It was stated by Mr. Jeffris that he had no desire to make money out of the venture, but he did not want to lose too much money. He said he was willing, if there was a big crowd and the gate receipts were sufficient, to meet all the expenses to wipe out the entry fees altogether.

There were no races scheduled for today, so that when the racing men did not insist on the races being run yesterday the promoters had a right to refuse to run the races today, against which the racing men made no complaint. The only feeling that has been caused and wherein the promoters are being criticised and which reflects against Janesville is the failure to pay in full the money that were won as prizes at the first day's events, when the attendance was surprisingly good for the first day. Had the weather been bright and fair yesterday, there is little doubt the promoters would have made money out of the enterprise, as more than 1,500 people came to the city yesterday morning, even though the weather was threatening, for the purpose of witnessing the races while there were hundreds of Janesville people who had delayed attending because of the opinion that the second day's events would be superior to those of the first day.

### MILWAUKEE JOURNAL'S VERSION

Harbach Says the Citizens Were Not to Be Blamed.

Milwaukee Journal, July 14.—The Janesville Cycling club fumbled and as far as that organization is concerned the L. A. W. state meet was a dismal failure.

Late yesterday afternoon Chief Consul Van Valkenburgh was informed that the race promoters at Janesville had decided to call off the meet and run no more races. In other words, that the Janesville club had thrown up the sponge and the meet, as far as it was concerned, was over.

Just before this the winners of Wednesday's events made an effort to get their winnings. It was given out that Tallman, the secretary of the club, was ill, but the racing men had an interview with that functionary and as a result \$100 was secured, which was distributed as follows: Major Taylor, \$40; Tom Butler, \$60. None of the other professionals have received a penny. Those who have money due are: Nat Butler, \$15; Barney Oldfield, \$10; McLeod, \$25; Arthur Porter, \$20; Lavin, \$30.

### Harbach on the Meet

Handicapper Harbach, the only league official in the city, was seen this morning by a representative of The Journal. To him he said:

"Janesville represented that she had

\$1,100 on hand and was prepared to give the division the biggest time it had ever had if the state meet would be taken there. They had the money raised, but how they spent it no one knows except the disburseurs themselves. The men who were running the meet tried to make the riders put up their own money for prizes by charging an exorbitant entrance fee. When they failed in this they quit the meet.

"The affair has strengthened the league in the eyes of the racing men, as the league has stood by them and looked out for their interests even at the expense of sacrificing local interests at Janesville.

"The races will be run this afternoon under the auspices of the league as we propose to show the people of Janesville that we do not hold them responsible for the acts of a few men who are trying to make money out of the meet."

### Van Is Surprised

In regard to the Janesville frost, Chief Consul Van Valkenburgh said: "I did not expect anything like this. The promoters said they had enough money to carry the meet through. There were some well known people backing the meet, but they do not worry."

The amateurs received their prizes, which are hardly worth half their stated value. Some of the riders left for Chicago last night.

### She Was Too Young

Charles Barney Graff, 21, and Mary Schemiski, 17, both of Cincinnati, wanted to be married in Covington yesterday, but Deputy County Clerk Bud McQuerny refused to grant a license unless the girl could induce her mother to cross the river and give her consent.

## Commencing Young

We started over thirty years ago in the hardware business and have been busily engaged ever since in caring for the public needs. We COMMENCED YOUNG and have grown old in the business, and quite naturally have learned many ins and outs of the trade. One great thing we have given particular attention to is the picking out of goods suitable for continuous sale at right prices—goods that give the greatest satisfaction year in and year out—the kind that will bring back customers for more of the same brand when the article wears out, (for all things must wear out some time, you know.) Goods of unmistakable worth, such as

Phoenix Bicycles, Sterling Bicycles,  
Featherstone Bicycles, Cleveland Bicycles,  
Gilt Edge and Perfect Furnaces, Garland Stoves and Ranges, Quick Meal Gasoline Stoves, Majestic Lawn Mowers, Illinois Refrigerators, Goodrich Lawn Hose

That people in general believe with us that the goods we carry are the best on the market is evidenced by the growth of our business. Our store is the largest retail hardware establishment in the state. It covers three floors, with many thousand square feet of space. Seeing is believing. Come and inspect the place.
